The article “ZNF797 plays an oncogenic role in gastric cancer” by D. Momenzadeh, S. Rahman Zadeh, M. Rezaei-Tavirani, A. Baradaran-Rafii, F. Ghasemvand and S. Heidari-Keshel published in *Genetics and Molecular Research* vol. 13 (4), pp. 8421-8427 in 2014, DOI: <http://dx.doi.org/10.4238/2014.October.20.18>, has been found to be substantially equal to the article “Role of SALL4 in the progression and metastasis of colorectal cancer” published in the *Journal of Biomedical Science*, vol. 20, p. 6 in 2013, DOI: 10.1186/1423-0127-20-6, by other authors. The corresponding author of the article published in *Genetics and Molecular Research*, Saeed Heidari-keshel, alerted our editorial staff about this situation and requested that the article should be retracted.

After review and after contacting the authors, the editors of *Genetics and Molecular Research* have decided to retract the article. The authors and their institutions have been advised of this serious breach of ethics.
